- It’s a “deliberate foul” to end your inning by picking up the cue ball, or by refusing to
- There are no referee’s in league play, please be good sportsman!
- **Substitutes**
  - Subs may be used anytime when core players are NOT able to play.
  - All subs must be past or current members of SNBCAPL with an existing FR.
  - Subs can not play in a division that they are currently a core team member of.  
Subs must be near the FR of the player they are subbing for.
  - All Subs must be approved by the league 24 hrs in advance except for extenuating circumstances and then must approved by league no later than NOON on the day of play.
- **Reschedules**
  - Reschedules should be requested 24 hrs in advance and no less than noon the day of the match.

- The opposing team must give the rescheduling team 2 reasonable reschedule dates within the following 2 weeks or before the last date of play, whichever comes first.
- The team that requested the reschedule must do their best to accept 1 of the 2 dates given by the opposing team.
- The HOME team must successfully notify the location and the League that their match will not be played on the scheduled date.
- Sportsmanship is the main concern when rescheduling, teams should not be forced into a double header or forfeit for legitimate reschedules.
- Failure to successfully notify the opposing team of a reschedule prior to noon on the day of the match will result in a FORFEIT for that match. (unless extenuating circumstances are approved by the league)
